MR. MARTINUS NIJHOFF, The Hague, Holland.

# **EXPLANATORY NOTE.**

## **THE NATURE OF THE TRADE RECORDED.**

The trade dealt with in these Accounts is the trade registered at Calcutta and at the subordinate ports of the Presidency of Bengal for the year 1916-17 and for the four previous years, 1912-13 to 1915-16 inclusive.

The trade in the past year (1916-17) and in the four preceding years of the Port of Chittagong and of its subordinate ports—Narayanganj, Chandpur, Cox's Bazar, Barisal and Nilla—is included in the trade of Bengal. Since the constitution of the new Province of Bihar and Orissa, as from the 1st April 1912, the trade of the Orissa Ports—Balasore, Cuttack and Puri—has not been included in the Sea-borne trade accounts of the Province of Bengal.

The statements are divided into two parts, of which Part I includes the Sea-borne trade and navigation of the Bengal Presidency with Foreign Countries, and Part II the Sea-borne trade and navigation between the Bengal ports and other British Indian ports, as well as with ports which, although Indian, are not British Indian.

## **PART I—(Foreign Trade).**

### **EXPLANATION OF IMPORTS AND EXPORTS.**

The Accounts of both imports and exports are exclusive of foreign merchandise transhipped at ports in India. Indian ports are not transshipment centres for foreign countries to any considerable extent, and the trade returns take no account of merchandise transhipped. The import tables record the quantity and value of goods landed, whether they are intended for home consumption, bonding, or re-exportation. Passengers' baggage, unless dutiable, is not included in the Accounts. Imports and exports from and to foreign countries by parcel post are included; but the contents of registered letters are not recorded either for imports or exports. Imports and exports of gold and silver coins and bullion are recorded separately, and are not included in the tables of merchandise. Imports and exports of Government stores are also dealt with separately.

### **QUANTITIES AND VALUES.**

The statements of both quantities and values are based on the declarations of importers and exporters in Bills-of-Entry and Shipping Bills as subsequently checked by the Customs officials. The quantity of goods imported and exported is recorded, so far as it is possible to do so. In most cases the quantity is recorded by weight, though in certain instances the quantities are recorded by number or by gallons or yards. When weight is the prescribed

denomination, different units (tons, cwts., lbs., etc.) are specified according to the nature of the different articles and trade practice. The weight recorded is the net weight of the goods, *i.e.*, not including the weight of the covers or receptacles in which the goods are packed. According to the provisions of the Indian Sea Customs Act (section 30) the values of goods imported and exported represent:—

- (a) the wholesale cash price, less trade discount, for which goods of the like kind and quality are sold, or are capable of being sold, at the time and place of importation or exportation, as the case may be, without any abatement or deduction whatever, except (in the case of goods imported) of the amount of the duties payable on the importation thereof; or
- (b) where such price is not ascertainable, the cost at which goods of the like kind and quality could be delivered at such place without any abatement or deduction except as aforesaid.

### **THE CLASSIFICATION OF THE TRADE BY COUNTRIES.**

The volume exhibits all imports and exports based entirely on the Countries of Consignment and Final Destination. The imports are classified as received from the countries whence they were consigned, *i.e.*, the countries from which the goods came, whether by land and sea or by sea only, without interruption of transit (save in the course of transshipment or transfer from one means of conveyance to another).

Exports are shown according to the countries of Final Destination, *i.e.*, the country to which goods exported from Bengal are intended to be carried for consumption, whether by sea and land or by sea only, without interruption of transit (save in the course of transshipment or transfer from one means of conveyance to another).

Mention may be made of exports to Egypt which, until the year 1903-04, consisted to a considerable extent of rice, wheat, etc., consigned to Port Said to await orders there for delivery in ports beyond the Canal. From 1903-04, exporters have been required to give information, as soon after shipment as it is obtainable, of the actual destination of these consignments.

### **ARRANGEMENT OF THE TABLES.**

Summary tables on the model of those for the United Kingdom and following the English classification of the trade headings into four main groups, namely:—

- (1) Food, Drink and Tobacco;
- (2) Raw Materials;
- (3) Articles wholly or mainly Manufactured;
- (4) Miscellaneous and Unclassified;

have been prefixed to Part I.

In tables 5, 6 and 7, 5A and 7A, also in tables 16, 17, 16A, 17A, 18—1, 18—2 and 18—3, articles of trade with their sub-heads and items specified under sub-heads are arranged in alphabetical order.

In tables 16—1, 17—1, 17—3, 16A and 17A quoted above, the trade with each country is recorded separately when its value is over Rs. 1,000 and if the value of the trade with any country in any particular article is less than Rs. 1,000, it is grouped under one of the heads—"Other British Possessions" or "Other Foreign Countries."

The limitations of value for articles in tables 5 to 7A have been extended and, instead of figures being shown under a sub-head or detailed head only when the value was not less than 1 lakh of rupees (the practice up to and inclusive of the volume for 1910-11), figures are now shown under a *detailed head* when the value is not less than Rs. 20,000, under a *sub-head* when the value is not less than Rs. 50,000, and under a *main head* when the value is not less than 1 lakh of rupees. Where the limit of Rs. 20,000 has not been attained by a detailed head or Rs. 50,000 by a sub-head, the figures are now included under "Other sorts" of the sub-heading or main heading, respectively.

In tables 9, 10 and 11 the list of articles follows the classification adopted in the tariff schedules.

The term "Indian Merchandise" comprises all goods which are the growth, produce, or manufacture of India. Indian merchandise is distinguished from British or Foreign Merchandise in the declarations of shippers made in the shipping bills from which the trade statistics are compiled.

## **PART II—(Coasting Trade).**

### **THE NATURE OF THE TRADE RECORDED.**

In these Accounts the trade dealt with is the trade of the Bengal ports with one another and with other ports in India. The Accounts distinguish Indian Merchandise from the Merchandise of Foreign Countries.

### **EXPLANATION OF IMPORTS AND EXPORTS.**

The Accounts, like those of the foreign trade, do not include goods transhipped at Indian ports. The import tables record the quantity and value of goods landed without distinguishing bonding transactions which are unimportant in the Coasting Trade. Passengers' baggage is excluded from the Accounts. Imports and exports of gold and silver coin and bullion, as well as those of Government stores, are recorded separately from other merchandise.

### **QUANTITIES AND VALUES.**

Quantities and values are based on the definitions given above under the same heading in Part I.

**ARRANGEMENT OF THE TABLES.**

The General Tables of Imports and Exports distinguish :—

- (1) Transactions between the Province of Bengal and other Provinces ;
- (2) Transactions between Customs ports within the Province of Bengal ;
- (3) Transactions with Indian ports which are not British Indian, such as Cochin, Pondicherry, etc. In Tables 3 to 6A the same limits of value as in the Foreign Trade Tables Nos. 5 to 7A have been observed. Separate abstracts are now prepared only for those Subordinate Ports whose total trade value is not less than Rs. 50 lakhs. In the general tables 7 to 10 the trade in any one article is not shown separately unless the value exceeds Rs. 10,000. In the case of a major head totals under Rs. 10,000 are shown under "All other Articles of Merchandise," while in the case of a sub-head totals under Rs. 10,000 are included in the total for "Other sorts" under the major heading.
